

BASIC SIGHT-SINGING AND EAR TRAINING FOR CHURCH SINGERS

PITCH EXERCISES 4.1 & 4.2

INTERVALS IN THE C MAJOR SCALE

4.1 – THE DO-FA TETRACHORD

There are no recordings for this set of exercises. Since you are now going to be reading actual **notes on a staff**, you should get your pitch from a piano or a virtual keyboard, available here:

<https://www.onlinepianist.com/virtual-piano>

Begin by playing the note C and call it DO. Proceed to **practice and record** Exercises 1 through 18, paying close attention to the notes and their **appearance** on the staff. Play **only** the starting pitch, no more. Rely on your knowledge of the DO-FA and SOL-DO Tetrachords for the answer.
