

# BASIC SIGHT-SINGING AND EAR TRAINING FOR CHURCH SINGERS

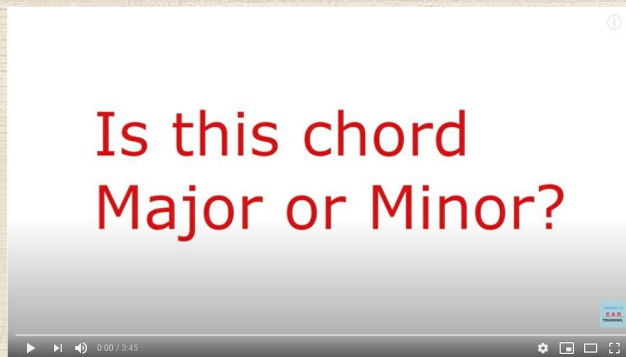

## PITCH EXERCISES 8.2 – MAJOR AND MINOR TRIADS

# INSTRUCTIONS FOR PITCH EXERCISES 8.2 – PART 1

There are three parts to Pitch Exercises 8.2.

1. Watch this YouTube video and identify each chord you hear as **major** or **minor**.
  - a. The answers flash on the screen almost immediately, so you may want to pause the playback before the answer is given to you, and see if you got it right.
  - b. If the chords are going by too quickly, click on the Settings gear and set the Playback Speed to 0.75 or 0.5. This won't affect the pitch.

# INSTRUCTIONS FOR PITCH EXERCISES 8.2 – PART 2

Using your Virtual Piano Keyboard here: <https://virtualpiano.net/?instr=organ> (set to “Organ”),

1. Play each note of the C Major scale slowly, one note at time. (Click Key Assist twice if you need help finding the note). As you sustain each note on the keyboard, sing the appropriate major or minor triad that belongs to each degree of the scale, using SOL-FA syllables. (See “spelling chart” in Unit 8.2, Slide 7.)

2. Sing each triad up and down. Listen to the **vertical intervals** that occur as your voice moves up and down against the sustained drone in the background.
3. With practice, increase your speed and sing without the keyboard.
4. Record your singing.

# INSTRUCTIONS FOR PITCH EXERCISES 8.2 – PART 3

Using your Virtual Piano Keyboard here: <https://virtualpiano.net/?instr=organ> (set to “Organ”), find the following starting notes, and record your results.

1. C = DO
  - a. Sing a major triad DO-MI-SOL-↓MI-DO
2. C = LA (You are now calling the same note C a different SOL-FA syllable, LA.)
  - a. Sing a minor triad LA-DO-MI-↓DO-LA
3. F = FA
  - a. Sing a major triad FA-LA-DO-↓LA-FA
4. F = RE (You are now calling the same note F a different SOL-FA syllable, RE.)
  - a. Sing a minor triad RE-FA-LA-↓FA-RE
5. D = DO
  - a. Sing a major triad DO-MI-SOL-↓MI-DO
6. D = LA (You are now calling the same note C a different SOL-FA syllable, LA.)
  - a. Sing a minor triad LA-DO-MI-↓DO-LA

## PITCH EXERCISES 8.2 - PART 3 (CONT'D)

7. G = FA
  - a. Sing a major triad FA-LA-DO-↓LA-FA
8. G = RE (You are now calling the same note G a different SOL-FA syllable, LA.)
  - a. Sing a minor triad RE-FA-LA-↓FA-RE
9. E = SOL
  - a. Sing a major triad SOL-TI-RE-↓TI-SOL
10. E = MI (You are now calling the same note E a different SOL-FA syllable, MI.)
  - a. Sing a minor triad MI-SOL-TI-↓SOL-MI

Triads can also be spelled in a different order, first going up to the third of the chord, then back to the tonic and down to the fifth. Using the SOL-FA syllables will help you.

11. C = DO
  - a. Sing a major triad DO-↑MI-↓DO-↓SOL-↑DO
12. C = LA (You are now calling the same note C a different SOL-FA syllable, LA.)
  - a. Sing a minor triad LA-↑DO-↓LA-↓MI-↑LA

## PITCH EXERCISES 8.2 - PART 3 (CONT'D)

13. G = SOL
  - a. Sing a major triad SOL-↑TI-↓SOL-↓RE-↑SOL
14. G = MI (You are now calling the same note G a different SOL-FA syllable, MI.)
  - a. Sing a minor triad MI-↑SOL-↓MI-↓TI-↑MI
15. B-flat = FA
  - a. Sing a major triad FA-↑LA-↓FA-↓DO-↑FA
16. B-flat = RE (You are now calling the same note Bb a different SOL-FA syllable, RE.)
  - a. Sing a minor triad RE-↑FA-↓RE-↓LA-↑RE
17. A = DO (Notice the different order of notes in the triad.)
  - a. Sing a major triad DO-↓SOL-↑DO-↑MI-↓DO
18. A = LA (You are now calling the same note A a different SOL-FA syllable, LA.)
  - a. Sing a minor triad LA-↓MI-↑LA-↑DO-↓LA

## Congratulations!

You have now had extensive practice singing the various major and minor triads that can be built on different degrees of every scale and can easily sing a major or minor triad “on demand”!
